2 Select Your Investments

Check with your employer for the funds offered through your retirement plan.

We will allocate your contributions according to the instructions you provide below. Use whole percentages, and make sure the total equals 100%. Invest only in funds for which you have received a current prospectus. If you do not specify a fund, or request one that is not available for your plan, we will invest your contributions in Prime Money Market or another fund preselected by your employer.

You may change your investment allocations by logging into your account at americancentury.com, calling a representative or by sending written instructions. Changes may take up to five business days to become effective after we receive your instructions.
