Select Services Available to the Plan

See Discover the Advantages of a Retirement Plan for an explanation of these services.

Standard Services

We offer the following services to all plans.

- Each Plan Participant, beneficiary and alternate payee will have his or her own separate account and will receive a quarterly statement.
- Participants can check account balances, fund prices and performance at americancentury.com or through our automated telephone line.
- We will maintain each Participant's allocation instructions and use them for all future contributions until we receive new instructions from the Participant or Plan Trustee.
- The Employer will receive a quarterly financial report that details the previous quarter's transaction activity.

Distributions

If you adopted the American Century Investments Prototype Defined Contribution Plan, we will automatically establish Distribution Services (A) for your Plan.

If you did not adopt the American Century Investments prototype, select A, B or C below to tell us how to handle Plan distributions. If you do not make a selection, you authorize us to establish Full Services (B) for your Plan.

Select only one option:

☐ A. Distribution Services

The Trustee(s) must submit distribution requests in writing on a form provided or approved by American Century Investments. For each request, American Century Investments will:

- Issue IRS Form 1099-R to the Participant and the IRS
- Withhold the appropriate amount of federal income tax and mandatory state income tax
- Make benefit payments directly to the Participant or to another eligible retirement plan for a direct rollover
- Accept instructions from any one Trustee to exchange shares by telephone
- Check this box if your Plan allows loans. (You must also complete the *Loan Servicing Agreement*. Please call us for this form.)

☐ B. Full Services

American Century Investments will make distributions payable to the Plan only. **Full Services** allows any one Trustee to:

- Exchange or redeem shares by telephone
- Receive redemption proceeds by electronic funds transfer to a bank account in the name of the Plan
- Redeem shares without a signature guarantee (for redemptions of any amount)

☐ C. In Writing Only

American Century Investments will make distributions payable to the Plan only. The Trustee(s) must send instructions to exchange, redeem or transfer shares in writing, signed by the number of Trustees specified in step 6 (with signatures guaranteed for redemptions greater than \$100,000).

Select Optional Services Available to the Plan

•	Select transactions or activities for which you would like your Participants to receive confirmation.
	☐ Exchanges ☐ Name and address changes ☐ Investment allocation changes
•	Check the box below to obtain detailed Plan information online anytime using Plan Sponsor Access. I want Plan Sponsor Access. I understand that an American Century Investments representative will call me to give me a User Name and Password for this service.
•	We will accept Plan contributions by check only, unless you check the box below. I want to invest by ACH from the Employer's bank account. I understand that I must provide a voided preprinted check to establish this service.
•	Participants may exchange between their accounts and change investment allocations on future contributions by telephone, by fax, in writing or online unless you check the box below or choose the "In Writing Only" option in the previous step. Accept transactions only from the Plan Trustees. Do not accept transactions from Participants.
