

Calculate Your Emergency Fund Amount

Cover 12 to 24 Weeks (3 to 6 Months)

Include all expenses to calculate how much you will need to save.

PROVIDE
MONTHLY COSTS

Housing

include mortgage or rent, maintenance, property taxes, home-owner's or renter's insurance

Utility Payments

include electric, gas, water, trash and sewer – you could also include cell phones here

Transportation

include car payments, fuel, maintenance and public transportation expenses

Insurance

medical, dental, vision, life or disability – you may also want to plan for COBRA expenses in case of job loss

Groceries

stick with monthly costs for food at home and not dining out

Debt/Loan Bills

include credit card, student loans or monthly obligations

Personal Expenses

this can include childcare, pet care, clothing, haircuts, medicine or any other expenses you have

OR

12 WEEKS

(3 months) of
emergency savings

24 WEEKS

(6 months) of
emergency savings
