

Biography

Peter Ottomanelli, CFA

Vice President, Technology Investment Management and Compliance

Peter joined American Century Investments in 2022 and is responsible for overseeing all technology aspects of portfolio management, trading, global analytics, operations and compliance.

Before joining the firm, Peter was with DoubleLine Capital, where he was responsible for building out a new trade order management system alongside Bloomberg. He was also responsible for portfolio management technology, reporting applications, trade idea generation, execution, compliance systems and operations systems.

Earlier in his career, Peter managed the Trading and Compliance teams at PIMCO. He is a CFA Charterholder and holds both a Master of Science and a Bachelor of Science degree in Computer Science from Columbia University's School of Engineering and Applied Science.
