

Roth IRA Conversion

Complete this form to convert all or part of your American Century Investments Traditional, Rollover, SEP, SARSEP or SIMPLE IRA to a Roth IRA.

If you do not already have a Roth IRA, this form serves as your Roth IRA application. To designate beneficiaries for your American Century Roth IRA, please enclose a *Designation of Beneficiary* form. You can also log in to your account at americancentury.com to manage beneficiaries at any time.

Important Information:

- A conversion is considered an irrevocable election which cannot be reversed or corrected. Therefore, we encourage you to talk with a tax advisor before converting.
- If you are age 72 or older and have not satisfied your required minimum distribution (RMD), please call us or complete an *IRA Required Minimum Distribution Request* to withdraw your RMD before submitting your conversion request. The first amount distributed from your IRA counts toward your RMD, and since an RMD is not eligible for conversion, your entire RMD must be removed prior to any conversion.
- A SIMPLE IRA may not be converted until after the expiration of the two-year holding period, which began on the date the first employer-submitted contribution was made to your SIMPLE IRA.
- You must review the enclosed [IRS Form W-4R](#) before completing step 3.

3 Provide Withholding Instructions

Federal Tax Withholding: You are responsible for paying income tax on any amount converted from your IRA that has not previously been taxed.

- If you are under age 59½ and you choose to have taxes withheld from the amount you convert, **the amount withheld may be subject to an early distribution penalty tax** unless you make up the difference out of pocket and add it to your Roth IRA within 60 days. Any amount not rolled over is considered an early distribution.
- In January of the year after the conversion, we will send Form 1099-R to you and the IRS to report the distribution from your IRA. In May of that year, we will send Form 5498 to you and the IRS to report the conversion to your Roth IRA.

Please review the enclosed [IRS Form W-4R](#) to determine your federal tax withholding rate, then use that information to complete the section below. Please consult a tax advisor if you need assistance determining the federal withholding rate that is appropriate for your situation.

Your withholding rate is determined by the type of payment you will receive. For nonperiodic payments, **the default withholding rate is 10%**. You can choose to have a different rate from 0% to 100%. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its possessions.

If you would like a rate of withholding that is different from the default withholding rate, complete the line below. See the instructions and the [Marginal Rate Tables](#) on the enclosed IRS Form W-4R for additional information.

Enter the rate as a whole number (no decimals) _____ % (If left blank, 10% will be withheld)

State Tax Withholding: State tax will be withheld according to state regulations if, at the time of your withdrawal, your tax residency is within one of the mandatory withholding states.
