Commingling Rollover Assets

I have read the explanation below⁽¹⁾ regarding the consequences of commingling rollover assets with other IRA assets. If I have listed my American Century Investments Traditional IRA account number as the receiving account, I understand that I am authorizing commingling to occur.

I hereby elect to maintain my rollover assets separately from my Traditional IRA assets and understand that if I have checked this box, a new Rollover IRA account will be established for these funds, even if I have directed the assets to be placed in my Traditional IRA account number elsewhere on this form.

(1) Commingling Contributions: Funds rolled over from an employer's retirement plan ("rollover assets") can be kept in a separate account, usually in a Rollover IRA. This allows you the option to return the rollover assets to a qualified retirement plan in the future. Commingling rollover and other IRAs together may cause you to forfeit that option in the future. Additionally, a Rollover IRA allows you to maintain eligibility for special tax treatment under an income-averaging or capital gains elections for qualified plan distributions. If you wish to preserve these options and special tax treatment, when applicable, please check the box above.

Mutual Fund and Equity Dividend Reinvestments

Dividend and capital gain distributions may be reinvested or swept into your brokerage account. New mutual fund purchases default to reinvest. Equity purchases default to pay distributions as cash to your sweep account. A security issuer may declare an optional dividend that requires you elect either cash or stock prior to payment. We will apply your dividend reinvestment instruction to any future optional dividends, unless you notify us of alternate instructions prior to the election cut-off time. If you desire to change the defaults, please contact us at 1-888-345-2071 once your account is established.

2 Provide Information About the Account You Are Transferring

The account(s) you are transferring must have the same registration as your American Century Investments brokerage account. If the account registrations do not match, please contact us. For direct rollovers from employer-sponsored tax-qualified plans, please contact your retirement plan sponsor. A direct rollover is a reportable distribution from a qualified plan to an IRA or other qualified plan.
